Quick Guide for online course add/drop

Important Note to all students:

The online course add/drop will be available during the designated period. It is your responsibility to ensure completion of course add/drop before you take the full range of course activities including attendance at lectures and all stipulated assessment tasks. Please take particular care to ensure that the whole registration process is completed. The consequences of incomplete registration could be serious: you will not be allowed to attend the course activities and any related assessment task(s) will not be marked nor recorded on the Transcript.

- 1. Purpose of On-line Course Add/Drop
 - Allow you to add or drop courses in a specified time-slot (time ticket) via the e-Student Information System (e-SIS).
